

An error in the arrangement of elements in the header

Oписание

Precondition:

The site GO IT is open in the browser

Steps to reproduce:

1. Check the location of elements in the header

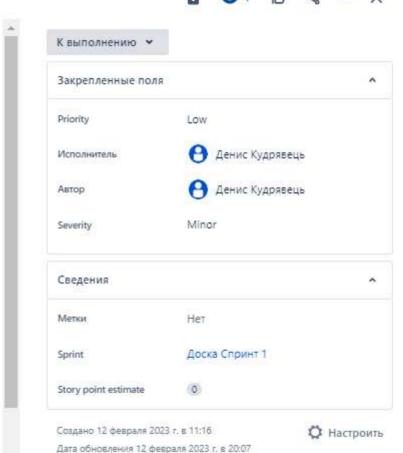

Expected result:

- In the header on the left are the switching elements "UA/RU"
- To the right of the localization switching elements in the header are the titles "Тестування Java завдань"
- After the title in the header there is a question switch with left and right arrows
- On the right side of the header is the "GoIT" logo

Actual result:

- . The "UA/RU" localization switching elements are located on the right side of the header
- . The "GoIT" logo is on the left side of the header

Oписание Preconditions:

The site GO IT is open in the browser

Steps to reproduce:

1. Click on the clickable text "Приховати теорію і завдання" in the body of the page

Expected result:

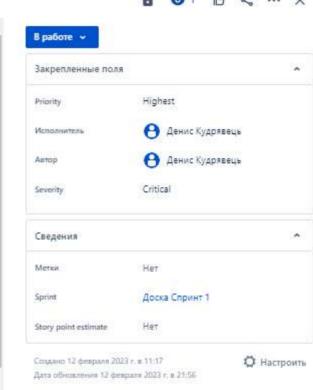

- When you click on the "Приховати теорію і завдання" button, the theory section is collapsed and the editor window expands to the full width of the page.
- The "Приховати теорію і завдання" button shrinks to an icon without text

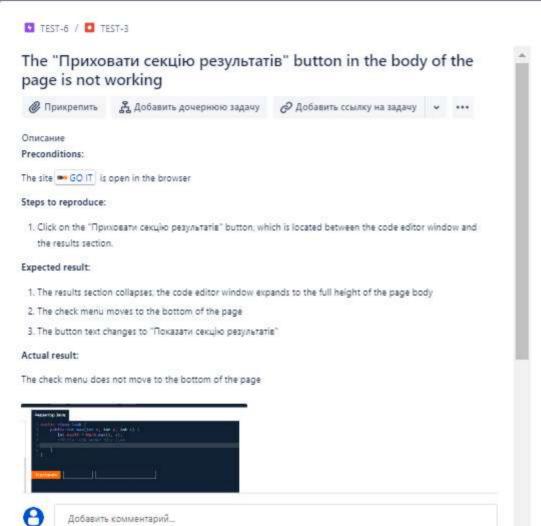

Actual result:

When clicking on the "Приховати теорію і завдання" button, the editor window does not expand to the full width of the page.
